

FRESH CITRUS

Our fresh oranges from Egypt are available most of the year. Their vivid, naturally orange colors is due to their growing climate. Our *Khair* brand and label on our oranges is the hallmark of guarantee that you are buying citrus of the highest quality.

There are two major kinds of oranges, Navel and Valencia but there are other popular seasonal specialties including the sweet and the Baladi orange. All varieties are packed at our facilities in accordance with strict and professional quality control processes.
